Monthly Newsletter

August 2023

As you bring your children to receive the gift of baptism, you are entrusted with responsibilities:

to live with them among God's faithful people,
bring them to the word of God and the holy supper,
teach them the Lord's Prayer, the Creed, and the Ten Commandments,
place in their hands the holy scriptures,
and nurture them in faith and prayer,
so that your children may learn to *trust God*,
proclaim Christ through word and deed,
care for others and the world God made,
and *work for justice and peace*.

Pastor Eric Ohrtman

Do you promise to help your children grow in the Christian faith and life?

I do!

live with them... join us for August Cruise Night and look for opportunities to build relationships and connect this fall.

word of God and the holy supper... Middle School Confirmation students will be studying the New Testament and the Small Catechism this year.

Lord's Prayer, the Creed, and the Ten Commandments... a new Confession and Forgiveness milestone is coming to SoJ!

holy scriptures... new Bible studies and small groups are on their way.

faith and prayer... we just finished the book "Prayer" by Timothy Keller and will introduce our kids to its practice in Milestones.

trust God... our summer Family Fun Nights (God Provides is Wednesday August 9th)

word and deed... August 6 is Feeding the 5000 and a special one-time food collection for our ministry partner Food to You

care for others and the world... join us at Church on the Street Worship (August 12) or serve Laundry with Love (August 22)

work for justice and peace... Deacon Hannah is launching a new series on social justice issues and the church's response.

Our entire mission and ministry can be boiled down to our effort to keep the promises we make to each other in Holy Baptism. As I read this newsletter, that is again what I see. A community, investing in each other, so that together we might continue to grow in relationship with one another and our God. Look carefully. Pray for all. And, join us!

Special Meeting of the Congregation

Sunday, August 13 at 9:30am.

Reason: To consider the purchase of a minivan.

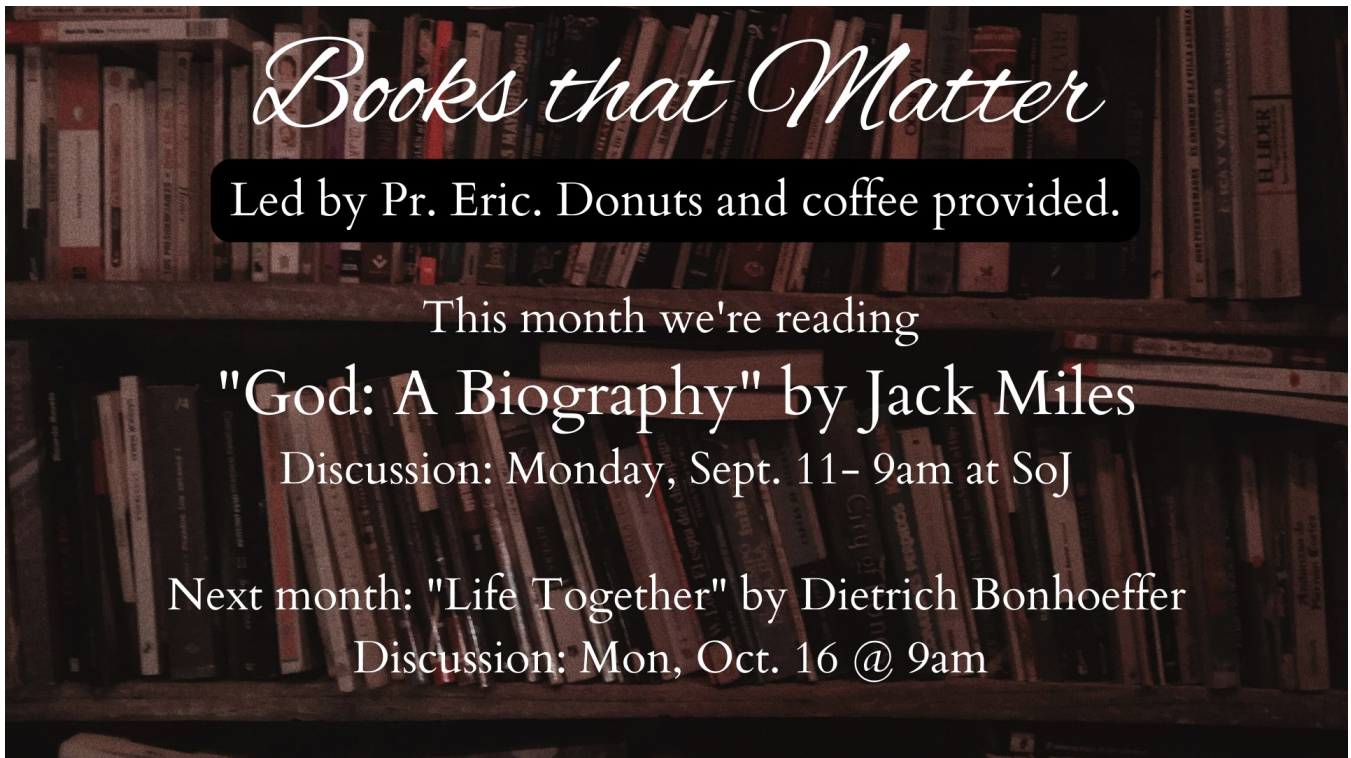

Narrative: The expressed need for a van includes a desire to continue to grow our ride capacity for preschool. In addition, Spirit of Joy has an opportunity to provide hospitality for events and community programming including worship, fellowship, and offsite journeys.

A smaller van means shorter routes for young students and easier access for adult drivers who must verify they have properly secured car seats, etc. It is also easier to load adult passengers. Improved fuel economy, capacity, comfort, and increased reliability.

Financing: Spirit of Joy currently has approximately \$25,000 in the Transportation savings account. The proposal would put \$20,000 (a floor of \$5000 is desired for repairs and maintenance) down and limit our monthly payment to \$400. That payment would be made possible by our continued partnership with Hope Coalition.

Financing would be sought through the ELCA Federal Credit Union.

Request for Action: Approve the purchase of a van for mission and ministry.

Deacon Hannah

Life's journey can be a joyous experience but complicated at times. We live in a crazy world that demands so much from us; and makes us to sometimes wonder how can I fully be who God wants me to be in this lifetime? You don't have to walk life's journey alone. God does not want you to do it alone. As our journey through 2023 summer dwindles away, we prepare to greet fall with so many faith formation opportunities that empower you to find answers to some of life's problems while at the same time living out your faith in ways God wants you to. In addition to what we already provide at Spirit of Joy, we are beginning a series of weekly and monthly learning prospects in the fall. We believe there is something for everyone, but if you can't find a good fit and need help, please do not hesitate to contact us. See a list of opportunities below.

The Church's Role in Addressing Social Justice: Social justice is the view that ALL people regardless of race, creed, sex/gender, or ability have the equal right, equal opportunity, and equal treatment. Amos 5:24 reminds us to "...let justice roll down like waters, and righteousness like an ever-flowing stream". Our first discussion in this series, Racism/Racial Justice begins at 5:30pm on Thursday, September 7. The Rev. Dr. Frances Tabla, Pastor of the Ebenezer Community Church in Brooklyn Park, MN will facilitate this discussion. Our book of study is "*Scrap Racism!!!: The Church's Response to Racism*" authored by Rev. Dr. Tabla. Pick up a copy of the book in the office beginning August 10, 2023, for a cost of \$10 per copy. We hope most if not all SOJ partners can participate in this discussion. Sign up online by September 3 (www.spiritofjoy.net/signups) to join us for this amazing Christ centered experience.

Creating a Culture of Calling (C3) is a Vibrant Faith initiative that is geared towards helping churches Create a Culture of Calling for their congregations. We encourage our partners to help each other figure out what and how God is calling you to live a life of meaning and purpose.

Kick-off Event: Thursday, September 14 | 6:00 p.m.

Food, fellowship, and watch an inspirational documentary.

6-Week Session of Small Groups: Sign up will be available beginning August 15

Camp Time

By Marnie Dahle Backer

Going to Bible Camp has been a lifelong blessing in my life. I grew up in northern North Dakota and spent a week at Camp Metigoshe in the Turtle Mountains every summer. During my Augie years, every summer was spent working at that same camp. To expand my horizons, quite literally, I then spent five summers working at Klein Ranch, a Lutherans Outdoors camp located an hour west of Mobridge, SD. And for the last twenty or so years, taking youth to many of our ELCA Bible Camps. As a camper, counselor, program director and church worker, it has been such a joy to see the power of the Holy Spirit at work in these ministries. Many of you have been a part of camp in many ways and have beautiful camp stories to share too!

Camp is many things - it is a safe place for your children to be themselves, their authentic selves. In a world where everyone is wanting them to be this, that or the other thing, camp allots for you to be you! It's an adventure with Christ as the focus, sometimes the God stuff shows up in obvious places like worship, Bible study and creation - God is also mysterious and sneaky and shows up at camp in all the other places as well and for children and youth this can be easier to spot than in our everyday world. And hopefully, when they return to their "daily lives", they are able to see God in some of those same ways!

Camp has a way of making lifelong leaders in the church, not just as pastors, deacons and faith formation leaders but as lifelong partners in faith as church members, lay-leaders, leadership team members, confirmation guides, Sunday School teachers and so much more. Camp is a beautiful foundation to so much more in the life of Jesus and the life of the church.

These campers (see pictures) spent a week in July at Shetek Lutheran Bible Camp Please join us in praying for all the Bible camps working hard to share God's love and mission with our children and youth.

Creation Care Corner

Little children, let us love, not in word or speech, but in truth and action. 1 John 3:18 NRSV

On the website for Lutherans Restoring Creation, one of their public witness/policy statements is “Church exists to serve the world.” This would surely be a collective action of neighbors in Christ. To restore God’s creation will take much collective and individual effort as we all work to address the climate crisis.

If we have a concern about what is happening with the climate and our planet, we may have a strong desire to **do something**. It can feel overwhelming and daunting to think about and, to be honest, maybe sometimes it feels like it will just take too much energy, effort, and sacrifice. After all, many of us probably feel like we have a good thing going the way we live now, right? If you feel this way, you are most certainly human and not alone. However, at some point, if you haven’t already, you will feel the effects of a climate impacted by greenhouse gas emissions.

In the 3rd season of the podcast, “A Matter of Degrees,” hosts Dr. Leah Stokes and Dr. Katharine Wilkinson addressed the question they hear the most: “**What can I do?**” Here are some suggestions you may not have heard or thought of yet:

- **Electrification** → Start thinking about existing machines in your home that are close to end of life and make a plan to switch to electric: • gas stove to induction or electric • heating and cooling to heat pump • gas water heater to heat pump • electric clothes dryer • solar panels/home battery storage • purchase renewable energy • electric vehicle • Check out rewiringamerica.org if you are curious to make some changes. They have all kinds of info to help as well as a calculator that can estimate if you are eligible for upfront discounts, tax credits, or equipment tax credits via the Inflation Reduction Act.
- **Sustainable Banking and Investing** → If it’s not okay with you that most of your 401K or other investments are going into fossil fuels, think about moving your money. Most of us don’t even realize that our money is being invested in fossil fuels. If you want to look into this, check out asksustainable.com, Carbon Collective, or oursphere.org as a starting point. Talk to your financial advisor about this.

If these options interest you, but are too robust just yet, you can start with smaller steps.

- **Pray:** For our neighbors suffering from the effects of severe heat, drought, flooding, deforestation, desertification, environmental social injustice and other severe weather events; for our neighbors whose livelihoods are dependent on the land and weather; for our neighbors displaced from lands who are now without a home; for leaders who are capable of influencing and advancing policy changes needed to tackle this crisis, for collective effort of hearts and minds. If stuck for words, “thanks” and “help” are good to offer up to God.
- **Reduce, Re-use, Recycle, Rot:** Try not to buy more than you need. Re-use/re-wear/repurpose what you can; donate & try out thrift stores, second-hand stores, and/or have rummages and/or swap parties; donate old furniture to the Furniture Mission when you can; join the Buy Nothing group on Facebook. Do your best to recycle what you can; better yet - try not to waste or use single-use plastics as much as possible. Try composting!! If you haven’t signed up yet, visit sodakcompost.org to get signed up as we now have a drop-off site at Spirit of Joy.
- **Influence policy:** Yes, you do have a say in this! Check out Citizens’ Climate Lobby, Earthjustice, Natural Resources Defense Council (NRDC), SoDak 350 -- or call or write elected officials with your concerns.
- **Carpool, Bicycle, Walk:** When these are options for you, please take advantage of them. Plan your trips so you are running all your errands in a close area or all at once. If given the opportunity to provide feedback to an airline after flying, leave a comment encouraging them to work to boost the fuel efficiency of their fleet.
- **Spend time in nature:** Fresh air, a gentle brook, sunshine, wind, a gentle breeze, grass, flowers, hills, valleys, mountains, lakes, trees, buzzing bees, chirping birds, butterfly wings -- Can you taste, see, smell, hear, and feel it? Thanks be to God!!!

What would constitute a "perfect" day for you?

A perfect day for me would be a day at home with no phone calls, spending quality time with loved ones.

I feel as though I could win an Olympic medal for "interesting yet useless knowledge" retention!

Town Hall Questions?

Are we pursuing an Associate Pastor? No. Deacon Hannah Fleming has returned to school to work towards becoming Pastor Hannah Fleming. We will consider her call and role at Spirit of Joy faithfully and prayerfully. Until that time, Spirit of Joy is her contextual education site. She has begun preaching and visitation ministry. She is scheduling herself and our Outreach partners so that Pr. Eric preaches 3x/mo and she or someone else 1x/mo. She will continue to grow into that role. Marnie Dahle Backer is taking Marketing and Evangelism and the administration of Middle School Confirmation off Pr. Eric's plate. Derris Kunkel will also relieve Pr. Eric and the entire SoJ staff of many hours of facilities related work.

How did Heather as Director of Worship Arts come about and are we worried about Heather's workload? President Jason Ahrendt and Pr. Eric agreed that the job description for Director of Worship Arts was a difficult one to fill. The plan was to break the position into three. Piano accompaniment. Choir directing. And worship planning (assumed by other staff). If no applications had been received by mid-July. In conversation with Heather in anticipation of that step, she expressed interest. She, Pr. Eric, and Jason negotiated for roughly 10 days. Deacon Jodi Hanson, Chair of the Worship Team was notified of the possibility and agreed that she would be a good fit. Yes, we are concerned about workload for all of our staff. Heather, like all our team, is highly valued. Pr. Eric made the commitment to continue to check in with her on a regular basis and is ready to pivot staffing, if necessary.

How big is Spirit of Joy, and how does it stack up against other congregations? Spirit of Joy has just shy of 1100 partners. Our average weekly worship attendance is in the neighborhood of 400 (2x Sunday, Wednesday, and livestream). Our regular participation in mission and ministry is about 600 people per week. So far this year we have welcomed 48 New Partners with another 12-15 having expressed interest in our October New Partner Class (October 15 at 12pm). That puts us in the 10 largest congregations in the SD Synod and top 3-5% nationally. And, our commitment to Extravagant Generosity means that we are among the five largest giving congregations in the South Dakota Synod.
